1 NOTE TO USER

Save this document with .R extension. Delete this section prior to publishing this document.

2 NOTE

This notebook provides a technical record of results generated from an R script. Any final version of this script will have been QC'd to ensure the quality of the underlying R code, but the material has not been organized or curated for clarity of communication. For an organized and curated summary of these analyses, MetrumRG recommends a formal communication deliverable such as a full report, brief communication, or slide deck.
